FREE-FOR-ALL SENATORIAL DEBATE MAY BE MADE ON PRES. WILSON'S SPEECH

THE PRESIDENT ANXIOUSLY WAITS EFFECT OF SPEECH

COPIES DELIVERED TO AMERICAN DIPLOMATS

SENATE MAY SIDE, TRACK ALL
OTHER BUSINESS TO GIVE OP-
PORTUNITY FOR FREE-FOR-ALL
DEBATE ON PEACE POLICY.

WASHINGTON, Jan. 23.—President Wilson is awaiting with profound interest the effect of his address to the Senate yesterday will have upon the governments and the peoples of the warring nations. He is equally eager regarding the mature verdict of the American public.

Copies of the president's address have already been sent to the American diplomats to be handed to the foreign governments.

The president now realizes that he must overcome tremendous opposition at home before the United States can take its place in a world alliance for peace. He believes this opposition will be overcome when his motives are understood.

Senator Cummings, republican, introduced a resolution in the Senate today to exclude all other business, beginning next Monday, until every senator had an opportunity to speak not more than one hour in a discussion of the president's peace policy. Action on the resolution was deferred until tomorrow on the objection of Senator Stone.

PARIS NEWSPAPERS COMMENT ON WILSON

PARIS, Jan. 23.—Paris morning papers' comment on President Wilson's speech before the Senate yesterday is generally sympathetic but skeptical.

The Petit Parisien says the president's conception of a proper peace "was ours long before 1917."

The Victoire called the speech a masterly page of social philosophy but marred by the words "peace without victory."

The Journal declares the president is obsessed by a "noble chimera" of universal brotherhood. It asked if he expected to change human nature.

Mr. and Mrs. John R. Page, of Anderson, Ind., who had been in Daytona for a week or two, left Monday for Lake Worth where they have friends and expect to spend some time before returning north. Mr. Page is the man who, as recently noted in the News, opened the railway depot in this city in December, 1886.

DANISH STEAMER IS STOPPED BY GUNS OF FORT OF SANTA CRUZ

RIO JANEIRO, Jan. 23.—The Danish steamer Hammershush was stopped by the guns of the fort at Santa Cruz last night while trying to put to sea. The liner had received a quantity of provisions and reports said a large quantity of explosives from a German ship here. The Hammershush is held for inspection.

PART OF PITTSBURG INUNDATED BY FLOOD

PITTSBURG, Jan. 23.—The lower section of the city is inundated by the Ohio river and its tributaries, which has been steadily rising as a result of the heavy rains and melting snows. Many who failed to heed the flood warnings were taken from their homes in boats.

PERSHING'S OUTPOSTS ORDERED WITHDRAWN

WASHINGTON, Jan. 23.—The War department has ordered General Pershing's outposts in Mexico withdrawn. The president today approved the order. Intimations are that the main body of troops will begin moving toward the border as soon as the outposts are brought in.

Alexander Reported Slated For Judge of Circuit Court

The political ouije board discloses many peculiar things, especially so since Sydney J. Catts became governor of Florida. The latest meanderings of the table on the ouije says that Honorable James W. Perkins, the democratic primary nominee for the office of judge of the circuit court, will not be appointed to succeed himself but that instead Senator Alexander, will be appointed to the office. The same report says that Isaac A. Stewart will be appointed state's attorney in place of Joseph H. Jones, the regular nominee. While it is inconceivable to the people of the Seventh Judicial circuit that Governor Catts could wantonly ignore the wishes of the people as expressed in the primary, his action since assuming office shows that he may make other appointments against the expressed wishes of the people as he did in appointing Christian as adjutant-general over General Foster, the party nominee.

Mrs. John Wood and children and maid arrived Monday from Detroit, Mich., and are guests at the Prince George hotel. Mrs. Wood is a daughter of Mrs. John Boydell, of Detroit, who is occupying for the season the Wetmore residence, 318 South Ridge-wood avenue, having with her, her friend, Mrs. M. J. Goodsell.

Oscar Michael has the contract for supplying the sand for the fill on the F. E. C. railway property south of the passenger depot for the extension of the driveway to Magnolia avenue. Work was commenced this morning on the fill, the sand being brought by teams from Mr. Michael's sand pit in the western part of the city.

COMMITTEE RESUMES LEAD INVESTIGATION IN N. Y.

DISTILLER DRAWS TWO YEAR SENTENCE

JACKSONVILLE, Jan. 23.—Thomas C. McCoy, a former distiller, was today sentenced to two years imprisonment on the charge of conspiring to defraud the government out of revenue taxes.

FRENCH CRUISER IS REPORTED SUNK OFF MADERIA ISLANDS

NORFOLK, Va., Jan. 23.—The captain of the Norwegian liner Salonickia lying at Hampton Roads last night told the agents of his company that he saw a French cruiser sunk off the Maderia Islands.

69 WERE KILLED IN MUNITIONS EXPLOSION

LONDON, Jan. 23.—The known casualties from last Friday night's munitions factory explosion is 69 killed, 72 seriously injured and 28 slightly hurt. It is officially announced today.

An automobile party leaving this morning in two cars for a trip of a week or ten days to Tampa, St. Petersburg and other points, included Mr. and Mrs. C. C. Van Meter and Mr. and Mrs. J. V. Zeigler and Mrs. H. A. Bunyon and Mr. and Mrs. Charles Wilson.

SENATOR JONES SAYS PRESIDENT LOBBIES

WASHINGTON, Jan. 23.—Declaring that it indicated a course of "systematic lobbying" by the president, Senator Jones, republican, today attacked the president's plan to visit the capitol frequently to expedite the legislative program.

The president told callers today that he saw no prospect of an extra session of congress.

HEAD OF EXCHANGE WAS FIRST WITNESS

COMPLETE INVESTIGATION OF
EXCHANGE NOT TO BE MADE
AT THIS TIME, WHIPPLE AN-
NOUNCES.

NEW YORK, Jan. 23.—President H. G. Snoble, of the New York stock exchange, was the first witness at the reopening of the "leak" investigation here today. He told the House Rules committee how transactions on the stock exchange are made, and said the records are accessible to the committee. He said the board of governors could enforce penalties for violations of the standards of "commercial morality and personal honor," by members.

Sherman L. Whipple, counsel for the committee, in his opening statement, said that the investigation will take place in stock exchange activities during the week of December 15; what brokers were responsible for the dealings, and who profited. A general investigation of the exchange will not be made now, he said.

After these matters are settled the committee may feel that it is in position to "intelligently inquire about who profited and it seems likely that those who profited may be those who obtained advance information," said Whipple.

WAR SUMMARY

The Teutonic advance against the Rumanians in Dobrudja have been resumed, according to Berlin reports. The report says the Bulgarian troops had crossed the southern railway of the Danube near Hultsch, and held their ground against Russian attacks.

The Germans repulsed the British attempt to attack northwest of Formelles on the Franco-Belgian front, says Berlin.

Paris reports violent cannonading between the Oise and Aisne. Minor operations are reported on the other fronts.

J. A. Ford, writing from Bridgeport, Conn., Jan. 17th, said: "Please continue the paper awhile longer, as I haven't made up my mind just when I will leave here."

DANIELS DEFENDS THE GRAYSON APPOINTMENT

WASHINGTON, Jan. 23.—Secretary Daniels last night issued a statement relative to President Wilson's nomination of Dr. Cary T. Grayson to the rank of rear admiral, which has been causing criticism because Dr. Grayson went ahead of more than 100 officers who outranked him. The statement said that before the navy nominations were made the judge advocate general of the navy gave his opinion that it rested entirely in the discretion of the president to select staff officers that he deemed best fitted for advancement.

THE WEATHER
FOR FLORIDA:—Probably local
showers tonight and Wednesday. Mod-
erate variable winds.

High pressure over the west on the
previous map moved rapidly to the
Atlantic coast, attended by generally
colder weather east of the Mississippi
river, except the Florida peninsula.
Under the influence of falling pressure
highlands have risen west of the
Mississippi river, except the Texas,
Louisiana and Arkansas.
The weather depression along the
Gulf coast has given moderate rains
from Texas to the South Atlantic
coast. Rain has not yet been over the
last segment, due to the depression
that has moved southward from
western Canada. The winds are mod-
erate northerly on the lower coast,
except variable over Florida. Un-
settled weather with probably rain to-
night and Wednesday.

Bethlehem Steel directors at today's

then it rallied on buying by spot peo-

though there was pretty good short

Cotton—Several southern congress-

of cotton exchange. This is in

It may cause some short covering but
hardly worth serious consideration.
Market likely to have some upturn

Grain—North American wheat vis-
ible 33,300,000 bushels; has another
week of diminution before it can be
properly contrasted with ten year

rate of exports continue, the wheat
problem is distinctly something more
than price. Price discounts ordinary

NEW YORK, Jan. 23.—The
directors of the Bethlehem Steel

dividend on common stock and
7 per cent annual on preferred.

A. W. Wattenberg, of New York, has

once asked why he wasn't playing with
his cousins, and he replied: "O,
mamma, it is too much girl for me."

TALKS ON COFFEE
NUMBER 7

From Roaster to the Consumer is frequently a long way, and if
the Coffee Flavor is not maintained on the journey, no careful making
or percolating will bring it back; it is lost forever—we cut the journey
short here in Daytona, as we have a modern coffee roasting plant and
roast coffee fresh daily. Come in and see it.

Remember it requires less fresh roasted coffee for a cup than
cheap coffee, roasted months ago in Podunk or some other old place.

ARRANGING FOR A G. A. R. CAMP FIRE

W. E. Alexander, of Toledo, Ohio, was a pleasant caller at the News office yesterday afternoon. Mr. Alexander is located in the Orr apartments at Daytona Beach in company with Mrs. Alexander and her father, J. P. Tunnison. Both Mr. Tunnison and Mr. Alexander are Civil War veterans and G. A. R. men and the latter is on the staff of the national commander. Mr. Alexander is preparing for the holding of a big campfire in the Casino Burgoyne at some future date to which all veterans, Union and Confederate, are invited and urged to attend. It is the purpose of Mr. Alexander, in this connection, to re-organize the G. A. R. post in this city.

Mr. Alexander is correspondent of Power Boating, of Toledo, in which he is giving Daytona some very complimentary mention. He is also commodore of the Toledo Power Boat club and owns his own power boat in which he takes much pleasure.

AUTOMOBILE ROUTE FROM DAYTONA THROUGH TO TAMPA

The following is a general descriptive memorandum covering the condition of the most direct automobile route between Daytona and Tampa. This description was compiled by A. D. Taylor, a Cleveland landscape architect, who personally went over this route during the latter part of last week.

- 0 Leaving Daytona on the brick pavement of South Ridgewood avenue, the road commences at the sign marked "DeLand" with a sand-clay roadbed, which continues for approximately ten miles. This is good.
 - 9.8 At 9.8 miles is the beginning of a good brick road. Safe maximum speed on which is between 40 and 50 miles.
 - 19.2 Beginning of a detour on a hard sand-clay road, deeply rutted. Safe maximum speed 10 to 12 miles.
 - 21.9 Return to good brick road. Safe maximum speed 35 to 45 miles.
 - 24.0 Beginning of short detour on hard dirt road.
 - 24.7 Return to good brick road.
 - 26.8 End of good brick road, and beginning of hard sand-clay road. This roadbed is very good. Safe maximum speed 30 to 35 miles.
 - 38.5 Beginning of excellent brick road, at end of bridge over St. John's river. Safe maximum speed 40 to 45 miles.
 - 51.6 End of good brick road and beginning of sand-clay road. Safe maximum speed 30 to 35 miles.
 - 54.3 Beginning of a detour of approximately seven miles over a very winding, but firm, dirt road. Safe maximum speed 10 to 15 miles.
 - 61.8 Return to good brick road, which continues through Orlando.
 - 87.2 End of good brick road, beginning of fair sand-clay road, deep ruts, solid footing and poor bridges. Safe maximum speed 20 to 25 miles.
 - 98.4 Beginning of wide, recently improved sand-clay road, continuing through Loughman and Davenport. Safe maximum speed 30 to 35 miles.
 - 106.0 Beginning of new road construction. Necessary for automobiles to follow along side over very bad sandy roads, the sand on which is very loose and very deep. Not safe in very dry weather for machines with low power. This road continues entire distance of approximately 20 miles, to Lakeland. In a few places, for short distances, this roadbed is fair. A number of detours into deep sand are necessary. It is not possible to average more than five to eight miles per hour over this stretch of road.
- From Lakeland to Tampa during the entire distance there is an excellent road, the beginning of which for a few miles is hard sand-clay; the remainder of which is an excellent brick road.

VANDERBILTS WANT TO COME HERE BUT CAN'T GET ACCOMMODATIONS

Up in New York where the temperature is playing tag with zero and the snow and slush are making the big city the last place one wants to be, Mrs. Alfred Gwynne Vanderbilt is asking herself why the fate in general and Daytona in particular should be so unkind to her, and why? She will have to abandon her trip to Daytona because there are no accommodations to be found for her.

Several days ago her agent commenced plans for her trip south this winter and Daytona was the place Mrs. Vanderbilt chose as the most attractive of the resorts, accommodations in the way of a large furnished house were written for for February but there were none to be found. Application was made at the Hotel Clarendon but a suitable suite was not available. The Clarendon's bookings for February have been full for a good many weeks and the reservation for 14 rooms could not be made there, nor could any of the many attractive cottages at Daytona Beach and Seabreeze be found without occupants. And so, it seems, Mrs. Vanderbilt and the group of guests who were to accompany her must remain in the north or be content with some other resort in Florida not so popular as Daytona. While many of the hotels are not filled with guests at this time, the majority are booked straight through for February and the prospects are that the winter here this season will be the biggest Daytona, Daytona Beach and Seabreeze have ever had.

Miss Jessie F. Chamberlin, of Daytona, entertained four guests at luncheon at the Clarendon on Sunday.

Mr. and Mrs. C. E. Fuller, who are among the New York contingent at the Clarendon hotel, motored to Bulow yesterday and spent the day trout fishing, returning with an excellent catch.

Mr. and Mrs. A. D. Whiteside, of New York City, who are guests at the Clarendon hotel, spent Saturday at the inlet trout fishing and returned with one of the best catches of the season.

Mr. and Mrs. Walter H. Miller, of Chicago, Ill., and Miss Pauline Fryburg of Great Falls, Montana, are among those who were noted Sunday as new arrivals at the Clarendon hotel.

Mr. and Mrs. Milton F. Goodman and Mr. and Mrs. William A. Kirchner, of Chicago, Ill., formed a congenial quartette who were among the dinner guests at the Clarendon Sunday evening.

A Cincinnati group at the Clarendon is composed of Mrs. H. Besuden, Mr. and Mrs. F. Besuden, Miss M. Besuden and C. A. Besuden. The party arrived Sunday and will remain for several weeks.

LeRoy Soher, of New York City, and Augustus Zahner of Topeka, Kan., who are among the rod and reel enthusiasts at the Clarendon hotel, spent yesterday at the inlet and when they returned last night brought a good catch of trout.

Miss Delta Boice, of New York City, is a charming acquisition to the dancing set at the Clarendon hotel, where she will spend the season. Miss Boice has specialized in esthetic, national character and folk dancing in addition to the modern dances and is an unusually talented dancer.

The attractive grill of the Hotel Clarendon was opened informally for luncheon Saturday and a number of luncheon and dinner parties were given by the hotel guests, while many Daytona people went over for dinner Saturday and Sunday evening. Dancing in the pretty room adjoining the grill will not commence until February and the guests are eagerly anticipating the informal dances which are always among the most popular features of the hotel's social life. One of the largest luncheon parties in the grill Saturday was that given by William A. Comstock, of Alpena, Mich., who entertained Mrs. W. B. Comstock, Miss Comstock, Mrs. C. Galloway and Mr. and Mrs. Charles Walliser.

THE BINGHAM & MALEY CO. THE FURNITURE HOUSE

WILBUR BY THE SEA

WILBUR-BY-THE-SEA, Jan. 22.—Among the recent guests registered at the Toronita hotel are Mr. and Mrs. G. L. Comer, Shiloh; Mr. and Mrs. A. E. Lawrence, Bar Harbor, Me.; Mrs. Phil. Rodick, Bar Harbor, Me.; Dr. and Mrs. L. B. Bouchelle, New Smyrna; Mr. and Mrs. F. S. Bryant, Boston, Mass.

Mrs. Adelaide Herman, a well-known lady in Cincinnati, will soon arrive at the Toronita hotel.
Dr. and Mrs. J. S. Louthan, of Pittsburgh, Pa., will be entertained at the Toronita hotel and their arrival is looked forward to by their many friends. Dr. Louthan is considered one of the world's foremost surgeons and is well known both abroad and in the United States.

A delightful concert was given at the Toronita hotel Sunday evening and was in charge of Miss Arietta Crowell, a talented musician of Boston. This was considered by music lovers to have been the best entertainment of the season.

Willard P. Lombard, one of the best known attorneys in Boston, is en route to Wilbur-by-the-Sea, where he will spend some time. Mr. Lombard has been identified with several prominent cases and is considered one of the most successful lawyers in the east.
The residents of Wilbur-by-the-Sea held very interesting services at the club house Sunday evening, under the leadership of Ernest Branch. These meetings will be held every Sunday night throughout the season.

One of the most ardent admirers of Wilbur-by-the-Sea is F. O. Curtis. Mr. Curtis, who is a wealthy mill owner in Buffalo, purchased tickets for himself and family to South America, costing nearly \$3,000, but on reaching the Toronita hotel was so impressed with the delightful and pleasant conditions that he will cancel his proposed trip, whether the tickets will be redeemed or not. Mr. Curtis will build one of the most attractive winter residences to be seen on the ocean front.

The new fireproof garage is nearly completed and will be a much needed improvement, as many guests have come from the north by auto to take advantage of the beach speedway.

Cardinal avenue is being shelled for some distance south of the post office and will be followed by several more streets which will be opened to supply the demands of the many purchasers who will build pretty winter homes in this fast growing town.

Mrs. N. S. Emmons has very kindly donated an attractive cup, to be awarded to the winner in the tennis tournament between the guests at the Toronita hotel and residents of Wilbur-by-the-Sea and other nearby places. Mrs. Emmons is very fond of athletic sports and is also an artist of note and her genial, pleasing manner adds greatly to the pleasure of both the tourists and residents here.

Sunday was a record-breaking day for automobile parties who took lunch at the Toronita and the crowd who visit this ideal spot are surpassing even the fondest hopes of the most optimistic.

It isn't the biggest advertisement that gets the most business, but it is the advertisement that says something worth knowing about goods that are worth buying.

Paradox.

No word upon the lips of humanity would be more true today than the paradox "what I gave I have," for the creative force grows in proportion as it is generously expended and, with life itself, dwindles as it is eked out and repressed.

**YACHT LOMADO COMES
IN MONDAY AFTERNOON**

Dr. Frederick T. Rogers and party, of Providence, R. I., arrived Monday afternoon about 4:00 o'clock aboard the yacht Lomado, at the Halifax River Yacht club dock, to spend a day or two here before leaving for Miami.

The Lomado is a new 67-foot yacht with 16 foot beam, and a displacement of 63 tons. It was built by F. S. Nook and East Greenwich, R. I., equipped with a 750 horse power engine.

The Lomado was built in Sonville last October and has been until a few days ago in the hands of the builder. It will leave in the afternoon for Miami, where it will spend the greater part of its time.

Optimistic Thoughts
The block of granite which staid in the path of the way a stepping stone to the future.**VALUE OF YEAR'S
BUILDINGS TOTALS
NEARLY \$200,000**ESTIMATED VALUE OF 103 NEW
BUILDINGS AND ADDITIONS
REACHES GOODLY SUM OF
\$179,405.00.

The report of Building Inspector W. E. French, as read and accepted by the city commissioners in regular meeting, Monday afternoon, shows the total estimated value of new buildings in Daytona during the past year to be \$179,405.00. The total number of permits issued was 103 and the number of inspections made was 223. Inspections for fire prevention were 1771. Chief French strongly recommended the extension of the fire limits to Palmetto, and above that point for about a half block west as far north as Fairview avenue.

A large amount of other business was transacted. A number of routine bills were ordered paid and the warrants for the same ordered drawn.

The report of the inspectors of the franchise election to the American Telephone and Telegraph company, which was held last week, was accepted and filed, as stating that 55 votes had been in favor of the election and two against it.

An ordinance changing the city provisions in regard to the use of streets and thoroughfares, was passed on its third reading. The principal provision of this ordinance is the extension of the limit of fine for such offenses on the streets as exceeding the speed limit to \$100 or 90 days at work. In the future Judge Titus may fine speeders to this extent.

Communications from Ormond, Daytona Beach and Seabreeze, all agreeing to a meeting of representatives from each council to discuss the franchise which will probably be given to the Bell Telephone company, was read and filed for future consideration.

A communication from C. M. Rogers, complaining of the damage done to his property on North Beach street to the amount of \$25 by stray cattle, was referred to Chief of Police T. O. Milton, with instructions to impound all cattle at large.

A letter from acting City Attorney Bert Fish, of DeLand, was read, advising the city not to allow any change of terms in the contract with Bryan & company, of Jacksonville, who are putting in the sewers in the city. The company desired to have the city pay over the remainder of the money which will be due when the sewers are complete, and accept in its stead a surety bond, to keep the city safe.

City Clerk Milligan was instructed to write to Michael Sholtz, informing him that the \$10,000 bond which was put up by the Daytona Electric Light and Power company, to insure the carrying out of its franchise, had been forfeited.

The clerk then read a letter from the Austin-Western Road Machinery company, stating that the road roller had been shipped, as ordered by the city.

The regular monthly report of the Water and Sewage department was confirmed and the necessary bills were ordered paid.

The commissioners then adjourned their meeting until 3:00 o'clock, Tuesday afternoon.

**"CIVICS DAY" RECEIPTS
AMOUNTED TO \$263.35**

The regular meeting of the Civic department of the Palmetto club was held at the club house this morning, with Mrs. Celeste Hinks presiding.

The report of the "Civics Day" celebration at the Casino Burgoyne, Saturday, Jan. 20th, showed the total net receipts to have been \$263.35. Of this amount \$91.00, receipts from the masquerade ball, have been contributed to the orchestra fund. The proceeds of the children's festival amounted to \$172.35. Of this sum \$30.35 have been used by the department toward defraying the expenses of improvements at the F. E. C. railway station, while \$50.00 were appropriated for the playgrounds, \$25.00 for the Daytona public schools, for use on the school grounds, and \$25.00 for the Seabreeze public school, to assist in clearing up the new school grounds. The remainder, \$42.00, has been retained for current expenses.

The members of the Civic department wish to thank the public for the generous patronage and especially to thank the principals and teachers of the public schools and the parents of the children for their co-operation and most of all the little ones themselves, who made the festival an unquestioned success.

**CONCERTS PROPOSED
FOR SUNDAY NIGHTS**

People quite generally have no place to go Sunday evening and several suggestions have been made recently to the committee in charge of the casino music that concerts be held Sunday evenings instead of Sunday afternoons. It is pointed out that many persons desire to take drives Sunday afternoon, which they would do were it not for the concerts. Sunday evening would be more acceptable to most people, it is pointed out, for the reason that they have more time at their disposal then than during the afternoon.
